

## FROM THE CLERK OF THE EXECUTIVE COUNCIL

---

### **Re: Retirement of Hugh Eliasson**

Colleagues,

This is to announce the retirement of Hugh Eliasson, Deputy Minister of Jobs and the Economy as well as Deputy Minister of Mineral Resources.

Hugh's retirement marks the end of an outstanding career in the Manitoba civil service. Hugh has capably served the Province for forty years with over half of his career (28 years!) as a Deputy Minister. One would be hard-pressed to find a Deputy Minister anywhere in Canada who has served the breadth or the span of Deputy Minister portfolios assumed by Hugh over the course of his tenure. While the bulk of Hugh's career has been devoted to economic development departments (Economic Development and Tourism/ Industry, Trade and Mines/ Industry, Economic Development and Mines/Competitiveness and Training/Entrepreneurship, Training and Trade), Hugh has also served as Deputy Minister of Government Services, Deputy Minister of Training and Continuing Education and Deputy Minister of Finance.

Long before public administrators acclaimed the merits of intersectoral networking, Hugh worked hand in glove with leaders across the public and private sectors, including leaders of community organizations. Hugh has been an innovative and inspiring leader within the public service.

Please join me in thanking Hugh for his outstanding record of public service and in congratulating Hugh and his family on his well-deserved retirement.

Hugh's last day in the office will be March 31, 2016.

Donna Miller

Date: March 17, 2016
